         <img src="../../Img/productLogoLight.gif" alt="product logo" />is the successor of the well known industry standard
    Editor for ASP.NET. The tight integration with ASP.NET AJAX and the powerful new capabilities make Telerik's WYSIWYG Editor a
    flexible and lightweight component, turning it into the fastest loading Web Editor. Among the hottest features are:
    <ul>
      <li><em>Single-file, drag-and-drop deployment</em></li>
      <li><em>Built on top of ASP.NET AJAX</em></li>
      <li><em>Unmatched loading speed with new semantic rendering</em></li>
      <li><em>Full keyboard accessibility</em></li>
      <li><em>Flexible Skinning mechanism</em></li>
      <li><em>Simplified and intuitive toolbar configuration</em></li>
      <li><em>Out-of-the-box XHTML-enabled output</em></li>
    </ul>
